

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                                                                     |                     |                                                                                                                                                             |                                                                    |                                                                                                                                        |                                               |                                                                                               |  |

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embolmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embolmed or final disposition is made.

THE BODY OF WILLIE, MAE WILLIAMS HAS BEEN RELEASED ON APPROVAL BY DR LIPKOVIC

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the CHIEF MEDICAL EXAMINER'S OFFICE OF THE MEDICAL EXAMINER or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                   |                                                                                                                                                                                                                                                                                                                                                                                |                                                    |

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

ST. AGNES

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

VS 151-REV. 7/1/68

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                    |         |                                                                                         |                  |                                                                                       |                       |                                                                      |                        |

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

VS 151-REV. 1/1/68

11-2-1972 - Completion of cause of death on a pending medical examiner death certificate -  
Peter Lipkovic, M.D. HRS

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

1822 PENNSYLVANIA AVE

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

10-16-1972 - Letter from the Clerk's Office, Court of Common Pleas, Baltimore, Md.  
stating that the marriage records of Baltimore City have been checked  
and there is no record of a license having been issued.

September 25, 1972 (Dated) and signed by

Paul L. Chester, Clerk

HRS (SN)

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                 |  |                                                                                                                                                                                                |  |                                                                                          |  |                                                                                                                                                             |  |

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                 |                                                                                      |

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

|                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                        |                                                                                                                                                                                                                                                                                                                                                |                                                                             |

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

Truman Schwab</b> ADDRESS<br><b>3512 Frederick Ave</b>                                                                       |                                    |                                                                                                    |                                                           |

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                         |                                                                                                                                                                                                                                                                                                                     |                                                                 | REG. # FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.
